Welcome to Starfish® @ SUNY New Paltz!

Starfish is an easy-to-use platform that gives you the opportunity to connect on another level and help improve student success and persistence.

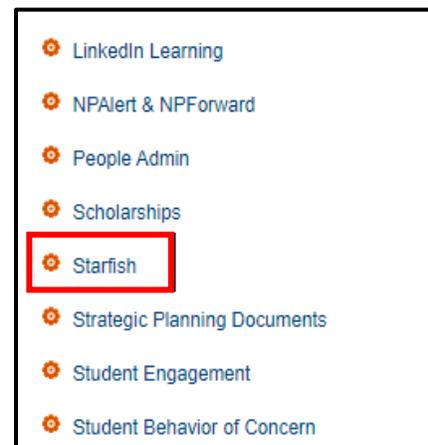

Everyone has a role in student success at SUNY New Paltz!

Helping our students be successful is a team effort. Depending on your role within the institution, however, you will likely have very specific priorities and goals in mind when you think about how best to support your students. Starfish works with all members of our institution to address their specific needs.

Getting started is easy!

How to Clear Starfish Tracking Item

While Instructors are the primary source of raised flags in Starfish, outreach will be performed by campus support professionals. Students have the ability to work with the individual they feel most comfortable with. Thus, a support professional who interacts with a student may decide that the Starfish flag can be considered “resolved.” It is helpful if those that “resolve” a flag with the student mark it as such and “close the loop” in the Starfish system. This action updates the student’s folder and keeps everyone informed of outreach results.

Here is the process for clearing flags and referrals:

1. From the hamburger menu , select **Students > My Students** to see your list of students.

2. Select the **Tracking** tab. This will pull up a list of all active tracking items for your students. You can filter by various criteria. For example, using the “Connections” drop down menu, you can select a specific course. Under the “View” drop down, you can select “Created By Me” to resolve flags you have submitted.
3. a) Select the students with flags by clicking the box next to their name then clicking the “Resolve” button. This will produce the following dialog box:
