## 2026-2027 Total & Permanent Disability Statement

You have either 1) indicated that you will apply for a Total and Permanent Disability (TPD) discharge, (2) applied for a TPD discharge, or (3) have received a TPD discharge. If you receive a new Title IV loan, it may affect your eligibility for discharge or may cause your loan obligation to be reinstated. If you have already received a TPD discharge, you must meet additional student eligibility criteria before receiving additional Title IV loans.

Please carefully read the information below:

If you have applied for or are in the process of applying for a TPD discharge, but the application has neither been approved nor rejected, any disbursements of a Title IV loan that is made may cause your application for TPD discharge to be suspended until the disbursement is returned or may cause your TPD application to be rejected. Contact the TPD Servicer for specific information on the status of your application and guidance on the impact that receiving Title IV loans have on your TPD application.

If you have received a TPD discharge, you are not eligible to receive further Title IV loans unless you provide:

1. A signed 2026-2027 Total and Permanent Disability Physician Statement form, signed by your physician, certifying that you can engage in substantial gainful activity; and

2. A signed 2026-2027 Total and Permanent Disability Student Acknowledgment Statement form, signed by the student, acknowledging that the new Title IV loan obligation cannot be discharged in the future based on any impairment present when the new loan is made, unless that impairment substantially deteriorates so you are once again totally and permanently disabled.

This requirement applies to all students who received a TPD discharge, regardless of whether you were subject to a post-discharge monitoring period or whether you have completed your post-discharge monitoring period (if any).

If you have been granted a TPD discharge and the discharge was granted based on a physician's certification or documentation from the Social Security Administration, you are subject to a post-discharge monitoring period that starts on the date that the U.S. Department of Education granted the discharge. During this period, the receipt of a new Title IV loan or a subsequent disbursement of a Title IV loan that was initially received prior to the date that the Department granted by the discharge, may cause your obligation to repay the Title IV loan(s) to be reinstated. Note that if you received a TPD discharge based on documentation from the Veterans Administration (VA), you are not subject to a post-discharge monitoring period.

Please contact your TPD Servicer for specific information on the status of your TPD discharge.
